

- Y2410 DOG BRUSH, STANDARD CURVED**
 The curved shape of the brush ensures steadier and easier handling whilst the angled pins part the hair finely as they penetrate through the coat. They untangle snarls and remove dead hair.

Y2410

MASSAGE BRUSHES

Daily grooming tools to increase circulation to the skin and to remove dead skin cells and fur which may be lost during shedding. Ideal for use while shampooing dogs, cats, horses, rabbits, etc.

PURL® HAND MASSAGE BRUSH

Ergonomically-designed soft massage brush — durable plastic design with adjustable strap fits any size hand.

Sizes:

- Y2692 Small
 Y2693 Large

Y2692

Y2693

- Y2690 PURL® MASSAGE BRUSH (purple)
 Ergonomically-designed and durable rubber massage brush with hand-strap.
- Y2691 PURL® SOFT MASSAGE BRUSH (pink)

Excellent for use during bathing to massage and scrub pet's coat (firm, yet flexible rubber bristles gently massages skin). Easy-to-clean with soap and water (top rack dishwasher-safe). Comfortable design with non-slip grip on either side.

NAIL CLIPPERS

- Y2610 VISTA HEAVY DUTY NAIL CLIPPER, LARGE
 For really heavy-duty work in larger breeds. With a removable safety stop (the safety stop keeps the nail at a safe cutting length) and comfortable sure-grip handles and stainless steel blades.
Length: 16cm

Y2610

Y2611 VISTA HEAVY DUTY NAIL CLIPPER, SMALL

This smaller version of Y2610 is also made for heavy-duty work and is perfect for small and medium-sized breeds.

Length: 12cm

Y2615 VISTA STANDARD NAIL CLIPPER

For clipping nails of dogs, cats and birds. Has a safety bar to prevent over-cutting of nails.

Y2550 SNUGGLESAFE HEATPAD

Ideal for convalescing and geriatric animals as well as puppies and kittens, the SnuggleSafe Heatpad is a microwaveable pet bed warmer that retains a comforting level of warmth for 10 hours or more. After microwaving, the SnuggleSafe stabilizes at around 52°C, which ensures a constant, controlled and comfortable source of warmth. No wires, plugs or electrical connections; just heat it up in a microwave oven for 5 minutes (depending on watts) and put under the bedding or blanket.

SnuggleSafe Heatpads:

- ✓ are non-toxic
- ✓ are bite and scratch resistant
- ✓ have a plastic casing for ease of cleaning
- ✓ are still safe even if accidentally wet by urine etc
- ✓ are supplied with a washable cover

Approved by veterinarians, rescue centres and professional animal breeders all over the world, the SnuggleSafe Heatpad is designed for the well-being of any pet.

Size: 22,5cm diameter disc-shape

Spare covers are available on request.
