

Cani-Cal

Reg. No. V10328 Act 36/1947

Calcium Supplement

What is Cani-Cal?

Calcium supplement containing vitamins and minerals for dogs. CANI-CAL contains an optimal level of calcium and phosphorus, necessary for normal growth and bone development as recommended by the veterinarian.

How do you use Cani-Cal?

CANI-CAL can be sprinkled over or mixed into the food.

How often should you use Cani-Cal?

Use CANI-CAL daily for supplementation when recommended by a veterinarian or for pregnant and lactating bitches to ensure they are able to cope with milk production.

Pack size(s)
250g (with a 5g measure), 5kg.

Storage
Store in a cool dry place (below 25°C) away from direct sunlight.

Cani-Vit

Reg. No. V10326 Act 36/1947

Conditioning Powder

What is Cani-Vit?

Complete, comprehensive vitamin/mineral/protein supplement for dogs. It is formulated with real liver (making it very palatable). It has an optimal ratio of calcium and phosphorus, and contains other essential nutrients and minerals such as zinc, selenium and vitamin K.
