

Pro-Lyte with Glutamine

Reg. No. Reg. No. V23193 Act 36/1947

Electrolyte Supplement

What is Pro-Lyte?

PRO-LYTE is a palatable apple-flavoured electrolyte supplement for all animals. It contains electrolytes, glutamine and probiotics.

How does Pro-Lyte work?

PRO-LYTE is scientifically formulated to stabilise water and electrolyte balance in animals to aid recovery from digestive disturbances such as diarrhoea and vomiting.

What does Pro-Lyte contain?

When diluted as directed, each 500ml solution contains Potassium Chloride, Sodium Chloride, Sodium Citrate, Glucose, Glutamine and Protexin® Probiotic.

How do you use Pro-Lyte?

Mix 1 sachet (20g) with 500ml water and give to the animal as the only source of fluid while under treatment. Discard after 1 day and prepare a fresh mixture.

Pack size(s)

Cartons of 10x20g sachets.

Storage

Store in a cool place (below 25°C) and away from direct sunlight.
