

Sebbarox

Reg. No. G2146 Act 36/1947

Medicated Shampoo

What is Sebbarox?

Sebbarox is a medicated shampoo for use on dogs, cats and horses.

What can you use Sebbarox for?

Sebbarox is a highly effective sole or supportive treatment for skin conditions, including fleabite allergies, pyoderma, hotspots, hyperkeratosis and canine acne.

How does Sebbarox work?

Sebbarox contains the powerful oxidising agent Benzoyl Peroxide together with astringent, antiseptic Precipitated Sulphur, working together to provide relief for various skin conditions. The shampoo base is a specially formulated conditioning type.

How do you use Sebbarox?

Wet the coat thoroughly. Apply shampoo to one affected area and lather well. Take care to avoid eyes. Don't rinse off the lather but leave it on the animal. Progress to the next affected area. Repeat until the entire body has been treated and leave the shampoo lather on for 5 minutes or longer if possible. Then rinse all the lather off. Repeat as often as directed by the veterinarian.

Pack size(s)

250ml

Storage

Store in a cool place (below 25°C) away from direct sunlight.
